

A Worship Minute ...

Steve McConnell, singer/songwriter
"Blessed Is Adonai" (from *We Delight* C.D.)

Steve's songs are drawn from both the Old and New Testaments. They are filled with scripture passages, prayers, and praise, arranged into contemporary meditations, memorable ballads and lively folk tunes. By creatively blending Hebrew and English to tell the old, old stories, Steve bridges the gap between the past and the present.

Steve and Sue McConnell attended a Messianic Judaism worship service in New England, in 1990. Inspired by the message and the music, they joined the congregation. Already a worship leader, Steve wrote songs that became part of regular worship at Congregation Melech Yisrael. In 1995, an album of Steve's songs was recorded so that each of the Melech families could have a copy, and perhaps share the music with other local congregations. Today this music is played in the U.S. and Canada, Israel, and many other countries. Yeshua is exalted!
