

HOW IS YOUR HEART?

— written by Leona I. Miller

*Life offers right and wrong things to do
Be very careful on the journey you trod
Pause for just a moment and think
Is your heart right with God?*

*It is easy to want our own way
Be lifted from darkness into light
God is watching the path you take
Just be sure your heart is right*

*Your heart must be right with God
Keep it tender and always be kind
Let Him guide your life every day
Love is the key to Heaven that will bind*

*Things may look right in what you do
But how is it in God's eyes?
Be careful to not be deceived
Wrong looks right...but it's a disguise.*

*God sees, He hears, He knows
Everything we say and what we do
He will clean our slate every day
If we ask Him in prayer — will you?*
