

LETTING GOD INTO YOUR HEART

- written by Robert S. Breaux

When it is God's Love you allow into your heart
He will show you how a bright new world will start.
He will take your hurt, your sin, your pain
And it is there with Him it will remain.
His Love is something we are to learn anew
He will direct us on exactly what to do.
His Life giving Blood will wash you clean
Trust in Him you will see what I mean.
He will take you from this forsaken earth
And return you to your Heavenly Birth.
He will give you new eyes so you will see
His Love will be with you throughout eternity.
He will give you new ears so you will hear
His Loving Words that will draw and hold you near.
He will give you new words so you can say
I praise Your Holy Name, Father, each and every day.
He will give you a new Heart from which you will Love
All the Blessings He sends you from above.
And All this Love was allowed to start
By just letting God's Love into your Heart.
