

A WORSHIP MINUTE

— written by Michael Gannon

Give us this day our daily bread
And bless those, O Lord, whom have not yet been fed
I thank God for my food and I can honestly say
There is never a day that we should not pray

If not for ourselves there are plenty in need
Of hope and compassion it's their hearts we must feed
The light of God can show us the way
There is never a day that we should not pray

He gave us his son who taught us to share
To love and forgive, he taught us to care
For he died on the cross and for our sins he did pay
There is never a day that we should not pray
