

A Worship Minute.....

“Thoughts on Corporate Worship.....”

by Jordan Richmond, Worship Pastor and Recording Artist

Worship is our positive response to God. When God reveals Himself and we obey – that’s **worship**. When we turn from our sins – **worship**. When we openly praise God – **worship**. When we’re not feeling it and we ask the Holy Spirit to fill our hearts – **worship**. When we’re thankful and acknowledge God – **worship**.

With this definition in mind, the corporate **worship** service encourages people to positively respond to God.....every element: songs, hymns, videos, scripture, prayer, preaching.
