

A Worship Minute.....

-by Juliet Adekambi (Hillsong London Worship Team)

Thoughts on God breathed creativity....

When God breathed His life into our human bones, He called us very good and blessed us. God's very first blessing toward us in Genesis 1:28 was of fruitfulness and reproduction. Making us in His image, the Creator placed creativity within us!

We see it in the universe. We see it all around us on earth.

The nature of God's Spirit is to create. It's a crazy thought that maybe all creative inspiration and expression was birthed into our spirit right from the creation of humanity. We all carry a unique story allowing us to express ourselves to God in a way no one else can... for His enjoyment and His glory, but also to lift the faith and confidence of those around us. I believe we have a crucial part to play in presenting the Good News to a world desperately needing its Saviour.

All creativity begins with God and belongs to Him. We must keep our dreams and the songs of our hearts alive, because the living, breathing God is in it!

There are songs waiting to give a voice to the voiceless...
Dance routines and plays waiting to inspire the world...
Food recipes for meals waiting to be enjoyed (hello!)...
Buildings waiting to be constructed...
Books waiting to be written...

Colossians 1:16 (NLT) says, "God created everything in the heavenly realms and on earth. He made the things we can see and the things we can't see."
