

A Worship Minute (by Johan D. Tangelder): Exploring the wonders of nature can be one of the greatest pleasures of a summer holiday. In the complexity of nature we receive hints of the beauty, glory and majesty of God. Throughout the world, there are more than 700,000 species of insects and 250,000 varieties of plants. As Calvin put it, "wherever you cast your eyes, there is no spot in the universe wherein you cannot discern at least some sparks of [God's] glory."

Keep the conversation going: What has God taught you through disappointment?
(Connect with one of the children or youth after the service, or during the week!)
