

A WORSHIP MINUTE

Psalm 130

Mark 5: 21-43

Our Gospel passage this week points to amazing faith and amazing grace. Grace is most certainly a gift from God.

- What about faith? Is it a gift from God too? Or, is faith something we can generate ourselves?
- What is the difference between belief and faith, is there one?
- When we say that someone has great faith are we claiming that they have done something or are we saying that they have been blessed with something?

Ponder these and any other matters God shares with you as you prepare your heart to worship God.
