

A WORSHIP MINUTE—1 Samuel 17: 1-50

Our reading this week continues to explore the attributes of God's goodness, beauty, and truth, as revealed in and through David.

- David faces a seemingly impossible task.
- But, because he knows he is doing what he is doing in the name of God he is undaunted.
- With God leading us we can do anything.

Think of a time on your life when you felt like you were facing the impossible and yet you managed, or overcame, or triumphed.

- What did it feel like when you persevered through the seemingly impossible task or situation?
- What were your prayers throughout the process?
- What scriptures did you turn to?
- Did God lead you to certain scriptures? If so, which ones, and why do you think He led you to them?

God is often preparing us for things we have never considered or imagined.

Often we don't even realize that He is preparing or growing us in certain ways.

It's awe inspiring to think of just how much God loves us.

Take a moment as you prepare to worship God this week and give thanks.

May God bless you richly as He prepares your heart for corporate worship.
